

## **Job Vacancy**

### **POSTDOCTORAL RESEARCHER**

### **RESEARCH ASSISTANT**

Applications are invited for the following positions in the Faculty of Dentistry, University of Malaya. The posts are open to candidates seeking a career opportunity in **Cancer Research**, particularly nasopharyngeal and oral cancers (**NPC/OSCC**), with strong interests in *Molecular and Cellular Pathology*. These projects are within a head and neck cancer programme that aims to study the roles of cellular signalling pathways and virus infection in epithelial carcinogenesis, as well as immunosuppressive network. The successful candidate will have the opportunity to interact with scientists in other institutions locally and internationally.

#### **1. Postdoctoral Researcher**

The successful candidate will have the opportunity to take on leadership roles to ensure the smooth-running of the group.

##### *Requirements:*

- PhD degree in a relevant discipline
- Relevant laboratory experience in cell culture and molecular biology techniques are essential
- Committed to a scientific career in cancer biology
- Hardworking and self-motivated

#### **2. Research Assistant**

The successful candidate will have the opportunity to pursue a postgraduate degree in the University of Malaya.

##### *Requirements:*

- MSc degree or BSc degree in a relevant discipline
- Some relevant research experience is highly desirable
- Proven interest in cancer biology
- Hardworking and self-motivated

Applications (cover letter, CV and names/contact details of 2 referees) should be sent to Dr Yap Lee Fah at [yapleefah@um.edu.my](mailto:yapleefah@um.edu.my)

Closing date: **31<sup>st</sup> July 2018**

Only shortlisted candidates will be notified and invited for interview.
